

Employee Authorization to Transfer or License Copyright to Publisher

(For Sandia Authors of Scientific and Technical Articles, Books, and Book Contributions)

Name of Sandia author ("Employee"): _____
Title and SAND No. or R&A No. of the scientific and technical article, book, or book contribution ("Work"): _____
Name of Publisher: _____

I. Background

- A Publisher has required or will require Employee to transfer or license the copyright in and to the Work to the Publisher as a condition for publishing the Work.
- The Work was composed or will be composed in whole or in part by Employee as a work made for hire for National Technology & Engineering Solutions of Sandia, LLC ("NTESS") under Contract No. DE-NA0003525 with the U.S. Department of Energy ("Prime Contract"), in the course and scope of employment at Sandia National Laboratories ("SNL").

II. Authorization and Copyright Assignment to Employee

- NTESS authorizes Employee to transfer or license the copyright in and to the Work to the Publisher, and hereby assigns to Employee all rights in the copyright in and to the Work for the purpose of executing the copyright transfer or license to the Publisher, subject to the following terms and conditions:
 - The Work must be reviewed and approved for release under NTESS's prepare and release information policies, including the review and approval ("R&A") process of NTESS prior to submission to the Publisher.
 - The U.S. government retains a non-exclusive, paid-up, irrevocable, world-wide license to publish or reproduce the published form of the Work, or allow others to do so, for United States Government purposes.
 - All rights in and to the copyright of the Work are subject to reversion back to NTESS if not transferred or licensed to the Publisher for any reason.
 - NTESS retains all proprietary rights, title and interest other than copyrights, such as patent rights in any apparatus, process, composition of matter, or article of manufacture and trademark rights described in the Work.

III. Employee Acknowledgements

- Employee acknowledges that the Work is a scientific and technical article, book, or book contribution composed under the Prime Contract or is based on or contains information or data first produced in the performance of the Prime Contract, and further understands his/her obligation to comply with the prepare and release of information (R&A) policies of SNL prior to releasing the Work.
- Employee agrees to mark the Work submitted for publication with the following notice:

"This article has been authored by an employee of National Technology & Engineering Solutions of Sandia, LLC under Contract No. DE-NA0003525 with the U.S. Department of Energy (DOE). The employee owns all right, title and interest in and to the article and is solely responsible for its contents. The United States Government retains and the publisher, by accepting the article for publication, acknowledges that the United States Government retains a non-exclusive, paid-up, irrevocable, world-wide license to publish or reproduce the published form of this article or allow others to do so, for United States Government purposes. The DOE will provide public access to these results of federally sponsored research in accordance with the DOE Public Access Plan <https://www.energy.gov/downloads/doe-public-access-plan>."

- If royalties are expected, Employee acknowledges his/her record keeping obligations, and any additional reporting and royalty sharing obligations, in accordance with SNL's Distribution of Publication Royalties Policy.
